## FREE BIRD NEWS FOR THE REMAINDER OF 2016

Talking Birds is Australia's most comprehensive source of avicultural news.

Published in the first week every month, every edition of Talking Birds has articles on parrots, finches, budgies, pet birds and canaries, a veterinary advice column, plus bird news from Australia and around the world.

Fancy pigeon and fancy poultry articles are published every second month and every edition has a comprehensive list of Australian bird clubs as well as bird club news and Australia's only complete list of bird events.

Talking Birds switched from a printed magazine to one delivered by email in January 2016.

I want to spread the word on birds as widely as possible, which is why I am providing free editions for the balance of 2016 to anyone who wants to receive Talking Birds.

There is no catch, except that I will contact you in December this year to ask if you want to continue receiving Talking Birds from 2017 onwards.

If you say yes, it will cost you \$4 per month, \$48 per year.

If you want to receive Talking Birds for the balance of 2016, please send me an email with FREE BIRD NEWS in the subject field and I will add you to the distribution list.

If you want more info, please email me at [lloyd@talkingbirds.com.au](mailto:lloyd@talkingbirds.com.au) or call me on 03 5983 2566.

Thanks for taking the time to read this note.

Best regards,

*Lloyd Marshall.*
